Garrison Troops to the Rescue !

No one living anywhere in the UK can possibly have avoided hearing about the abnormally heavy rains, strong winds and fierce storms which have repeatedly lashed the south of England since before Christmas.

Troops from this Garrison have been working alongside local Authorities, Emergency Services and the Environment Agency, to assist residents whose homes have been flooded and to construct defences in an attempt to prevent further damage from some of the worst flooding in living memory.

In Tidworth and Bulford, damage to property has been relatively minimal. Several trees have fallen and, during the worst of the flooding, the Fisher Polo Ground looked more suited to Water Polo !

As the focus now shifts from flood relief to recovery work, military personnel will remain available to assist the civilian authorities leading the coordinating of support for communities and residents in affected areas.

Information about Wiltshire Communities

Local people attending the recent Community Conference held at the Wellington Academy on 10th February have contributed to the 2013 - 15 Joint Strategic Assessment of the Tidworth Community Area.

There are 20 Community Areas in Wiltshire and the results of all their strategic assessments will provide a informative and useful picture of the County as a whole.

They will not only show how each Community Area has changed since the previous assessment in 2011, but the data, information, knowledge and evidence about each area will help each local community make informed decisions about the future of their communities.

The results of all the 2013 - 2015 Community Area Joint Strategic Assessments (CAJSAs) are being published on the Wiltshire Council website : www.wiltshirejsa.org.uk

Area 19

Permission has been given to build 322 new quarters for all ranks in "Area 19", near the Tidworth Cricket pitch.

This build was set in motion several years ago in response to the general lack of quarters in the Salisbury Plain area. The number of houses to be built in Area 19 will help fulfil current requirements and is not part of the 1,200 quarters mentioned above.

The Area 19 houses should be completed by March 2017.

An Exciting Year Ahead

Susan Raeburn, Musical Director of the Salisbury Plain Military Wives Choir, was one of over 70 musical directors from the ever expanding network of Military Wives Choirs who attended a workshop led by TV's Gareth Malone at The Royal Military School of Music in Twickenham last month. It was a good opportunity to share together the challenges and joys of leading a Military Wives Choir and focus on the music the choirs will be singing for First World War commemorations this year.

Pay as you Dine

This article continues last month's article about the introduction of Pay As You Dine (PAYD) to this Garrison, a system where soldiers pay for each meal as they choose it, rather than through a monthly salary deduction.

Sodexo and Aspire Defence Services Limited (ADSL) have worked closely together to create an innovative and flexible PAYD food offer with a high street feel that meets the changing demands of Service personnel and the wider defence community throughout the day. Following a series of briefings, trial days and a poster/leaflet campaign, PAYD has been in place in the restaurants and messes in both Bulford and Perham Down, from 1 March.

Here are the answers to some of the questions that have been asked:

Can I eat what I want, when I want ?

In a PAYD restaurant you can purchase food throughout the day rather than having to eat a meal at a fixed time. It gives soldiers greater freedom of choice, just like on the High Street, and is designed to be much more relaxed than the traditional military dining system.

PAYD restaurants will be offering a wide range of dining choices, including 'Hot Stop Favourites', 'Quick Fix Grab & Go' and 'Action Station', where you can have your omelette, fajita or burger made to order in front of you, just the way you like it. Alternatively, you might want to call in to one of Sodexo's restaurants in the afternoon for a coffee and a muffin, where your family and friends would also be welcome to join you.

What about making healthy choices ?

Ex-England rugby star, Celebrity MasterChef winner and Sodexo's ambassador for health and wellbeing, Matt Dawson has been working with Sodexo on a range of

healthy recipes that use fresh ingredients as much as possible. The increased physical and mental performance that comes with a healthy, balanced diet are especially important to members of the Armed Forces and you will definitely be able to make healthy choices in PAYD restaurants; from the salad bars and fresh fruit pots, to 'cook to order' meals where you can decide exactly which ingredients are used.

Matt will be visiting Ward Barracks in Bulford and Swinton Barracks, Perham

Down on 25 March.

What if I'm on ops, on exercise or on duty ?

If you are on operational tour or on exercise, then nothing will change and soldiers do not need to pay for their food. Duty personnel (exceeding 24 hours) are entitled to items from Sodexo's star menu funded by the Authority; duty personnel will pay at the counter and then claim back the value of the meal through JPA. The three set prices for breakfast, lunch and dinner all add up to the old Daily Food Charge which was deducted directly from soldiers' wages prior to PAYD. If you are unsure of your entitlement, please speak to a member of the food services team or pick up the star menu leaflet.

PAYD is going live in 62 restaurants and messes across Project Allenby Connaught over 2014-2015, starting with Bulford and Perham Down on 1 March 2014, Tidworth in July 2014, Aldershot in November 2014 and finally, Larkhill and Warminster in March 2015. PAYD will bring a significant change to the way catering is delivered, but it is a tried and tested MOD system that has been in place for over 10 years in other Garrisons. Please address any questions about PAYD through your Chain of Command.

Aspire and Sodexo are looking forward to welcoming you and your families into one of their new restaurant facilities soon - look out for posters, leaflets and money-saving vouchers as each Garrison goes live with PAYD

Exercise TARTAN GAS

For the past 10 years, military training has tended to concentrate on getting troops ready for active operations in Iraq and Afghanistan. With operations in Afghanistan soon coming to an end, units are now returning to a contingent footing and training exercises are starting to reflect this.

In an uncertain world, units must be prepared to operate in a contaminated environment and 19 Regiment RA has been conducting simulated Chemical, Biological, Radiological and Nuclear (CBRN) training on Salisbury Plain to develop their soldiers' basic soldiering skills and ability to operate in their core role while under CBRN conditions and wearing CBRN Personal Protective Equipment.

"It is important that those drills and skills become intuitive to the soldier - not just practised in the classroom but tested out in the field in arduous conditions" said Commanding Officer, Lt Col John Oldroyd.

The aim of Exercise TARTAN GAS was to develop individual and collective Counter-CBRN skills prior to Exercise STEEL SABRE 14 later this month, which will include further training in a simulated CBRN environment.

Raising money for SSAFA

Soldiers from 158 Pro Coy, 3RMP in Bulford have raised £2404.08 for the Soldiers, Sailors, Air Force Association (SSAFA) and have presented a cheque to The Hon Dr Minnie Cowan, Chairman of the local SSAFA Committee.

The funds were raised at a 24-hour Cycle Ride and Row at the Tesco Superstore in Salisbury. Members of the Company and the Regimental Headquarters took turns on static cycle and rowing machines in the store's main entrance, supported by a team of bucket bearers collecting money from very generous members of public.

The team was actively supported by Jenny Millard, Tesco's Community Liaison Manager, who not only plied the team with a continual supply of refreshments and contributed a prize for the 'Big Brew' raffle, but also spent thirty minutes on the rowing machine herself. The 24-hour cycle/row raised £1,817.35.

The remaining funds were raised at a 'Big Brew Up' Cake Sale and Raffle held in the Royal Military Police Warrant Officers' and Sergeant's Mess. Many thanks to the family, friends and members of 158 Provost Company and HQ Special Investigation Branch RMP Regiment for making all the delicious cakes - and to everyone who contributed to the success of these two events.

Army Music is reorganised

Forthcoming changes within the Corps of Army Music (CAMUS) will lead to the Army's bands delivering more music, which is more relevant, to more people, more often, both at home and abroad.

CAMUS is to be reorganised into 22

Regular Army bands : one string orchestra, eighteen marching bands and three specialist bands which will play contemporary music. Specialisation will improve efficiency, aid retention and allow CAMUS to better meet its commitments to the modern Army.

In the future, bands will be aligned with brigades, with most bands outside London becoming multi-capability bands, (MCB). MCBs will retain a traditional marching band capability and have the capacity to generate different ensembles such as Big Band, Jazz and Pop.

The Band based in Tidworth will be the Royal Artillery Band, aligned with 1 Arty Brigade, while the Band of the Prince of Wales's Division will be moving to St Athan. In practice, many of the musicians will be staying in Tidworth - wearing a different uniform !

Bluez 'n' Zuz

The Tidworth Neighbourhood Police team regret that the Bluez 'n' Zuz youth discos organised by Wiltshire Police will no longer take place, as the number of young people attending each month has been falling dramatically for some time. Bluez 'n' Zuz discos in other towns have also been discontinued, for the same reason.

Hero Ride 2014

This now-traditional event, which raises funds for the charity Help for Heroes, will be taking place on the weekend of **7 - 8 June 2014**. Cyclists will be starting from different points all over the country, meeting at Blackheath Common on 8th June to cycle the last ten miles (on closed roads) to the grand finale in Central London.

This year there will be two rides starting from Tedworth House in Tidworth :

The '**Puffing Pedallers**' will cover 100 miles in two days, riding through Wiltshire, Hampshire and Surrey, where they will take on the iconic Box Hill, retracing the route of the London 2012 Olympic Road Race.

The '**Dawn Raid Sportive**' will cover the same distance all in one day.

Sienna - a new mascot for The King's Royal Hussars

Commonly known as "The Hawks" because of their distinctive cap badge, The King's Royal Hussars have turned their nickname into a reality by adopting a Golden Eagle.

The Unit's well known cap badge, formally known as the Prussian Eagle, was given to the 14th Light Dragoons, an ancestral Regiment of the KRH, by Princess Frederica of Prussia in the 18th century, whose house it represented. With such a cap badge, it seemed only logical that the Regiment should have an eagle when seeking a live mascot.

Sienna, as she is known, is a Golden Eagle bought from captivity in Estonia - not very far from 18th century Prussia. She now lives happily in the UK at the Forest Falconry in the New Forest. She will appear with the Regiment on key parades and on most public outings and become an enduring character of the Regiment itself.
